workable NI

Support and guidance for new and existing employees with disabilities and health conditions.

Usel.

Are you managing work with a health condition?

Benefits for Employee

- Independent advocacy on employees behalf with the employer.
- Access to health professional support.
- Adjustments that enable access to job role.
- One to one dedicated support from an Employment Support Officer.

"Usel has helped me to find a job that is right for me. Before I worked with Usel I did not have the confidence to look for a job but working with my Employment Officer has given me the confidence to learn new skills and do things I didn't think I could do. Going to work every day makes me feel happy and I love being part of my team. My employer looks after me and makes sure I get all the help and support I need."

This is a free service, provided by Usel.

workable NI

Support and guidance for new and existing employees with disabilities and health conditions.

Usel.

Usel is Northern Ireland's largest supporter of people with disabilities or health conditions into employment and operates a social enterprise business model. We exist solely to help people with disabilities and health-related conditions move into and sustain employment. Every year we employ, support and train over 1200 people with disabilities or health conditions across Northern Ireland.

Our Purpose

"We are a social enterprise born to assist people with disabilities or health conditions into employment"

Our Vision

"Is to be the lead provider in helping people with disabilities or health conditions gain employment"

Our Values

"We strive to be a sustainable, people centred organisation that adds value through respect for others and commitment to excellence"
